

COMUNICADO

March 22nd, 2022, Veracruz, Ver.

Marzh
To our customers:

We allow ourselves to inform you that from March 21st of the present year, the National Port System Administration of Veracruz (ASIPONA Veracruz) will carry out rehabilitation work on the superstructure of Pier 7 South of the Port of Veracruz, which will have an estimated duration of 60 calendar days, from the date mentioned.

Grupo CICE will maintain constant communication and collaboration with the representatives of the port authority to minimize any possible impact on their services during this period, remaining at your disposal for any clarification that you may require in this regard through the following contacts:

CICE Veracruz 923 0100 ext. 1124, 1134, 1403 and 1405 atencionclientes@grupocice.com

These renovations to the port infrastructure seek to maintain and improve the safety and productivity standards of the Port, for which we appreciate your understanding, reaffirming our commitment to provide port services with the highest levels of quality.

Grupo CICE®
